Innovative approaches to financing eHealth solutions

Invitation only workshop at the World of Health IT 2007 conference in Vienna

<http://www.worldofhealthit.org>

Thursday, October 25, 13:00-17:00	
<p>A key objective of the EU eHealth Action Plan is support for boosting investment in eHealth systems and services. Concrete experience and challenges encountered in financing eHealth investments and innovative schemes will be presented by different stakeholders. The role and good practices of Public Private Partnerships and procurement will be highlighted. The conclusions of the workshop will be made public by the organiser (European Commission).</p>
